

Eastern Lighthouse, a Cincinnati-Based Nonprofit Started by Four Teenagers of Romanian Heritage Announces “Donate Your Glasses” Charity Program

EasternLighthouse.org, the premier Romanian Heritage Charity in US, announces a new program for 2013, focused on donating new and used frames of eye glasses to Romanian Children. DonateYourGlasses.org is the newly launched website supporting the frames collection and distribution.

Cincinnati, OH ([PRWEB](#)) January 28, 2013 -- [Eastern Lighthouse](#) just announced a new focus area for 2013, via the [DonateYourGlasses.org](#), which targets donating used and new frames and eye glasses to Romanian children.

Anna, Amalia, Sarah and Helen live in three corners of the Cincinnati metro area, but they have a thing in common: their parents were Romanian born. Now, they have one more thing in common, they are the founding members of Eastern Lighthouse, a non profit created to help improve the lives of kids in Romania.

Sarah Sotropa, one of the founders says about the [DonateYourGlasses.org](#) program: “There are children in Romania that cannot even see the blackboard, and that holds them back. The gift of better eyesight is something you can all do today. Recycle, and help the world’s children to see. Your old glasses no longer needed? Someone else will love them.”

All the frames collected are donated to children in Romania, via an EasternLighthouse qualified network of ophthalmology labs. Local specialists are donating their time to the DonateYourGlasses.org program, so public donations accompanying the frames are going directly to their purpose – helping children get a better eyesight.
